like snapchat and igtv the convention on tiktok is to upload vertical videos the ideal aspect ratio is 1080x1920 write a suitable description of each video and include relevant hashtags pick an exciting thumbnail image for each video make sure you pick the most appropriate categories for your videos

don t forget to interact with your viewers make sure that you reply to comments that people leave on your videos it may seem like hard work to you but it makes your followers believe you care and take notice of them

tiktok is still relatively new even when you allow for its previous life as musical.ly therefore people are still discovering the best ways to succeed on the platform ironically one of the most successful methods is to work tiktok along with another network some of the top tiktok influencers also perform exceptionally well on youtube with best of tiktok type compilations and they manage to take advantage of youtube's established advertising system

if you are beginning from scratch you have the chance to create the perfect username you want it to be easy for people to say and spell and preferably relevant to you and your niche ideally you should have the same username on all your social profiles so your tiktok fans will know when they have found your youtube twitch and instagram channels
