you re tasked with ascending the titular spire a many levelled fantasy fortress populated with deadly monsters strange but sometimes helpful citizens and covetous shopkeepers over a three act structure with a boss fought at the end of each act as you progress through the randomly generated quest you build a deck of cards and collect magical relics in order to both survive the journey and beat the final boss this indie gem s mixture of rng roguelike and deck building gameplay is beautifully elegant while its brisk pace gives it a just one more go feeling that ll have you battling beasties until the early hours

with its beautiful manuscript inspired art style close adherence to historical accuracy and complex themes surrounding myth religion and the importance of stories this isn t a typical game in fact it s the sort of game that probably wouldn t have been made at all if not for game pass where we hope it finds the audience it deserves fantastic stuff for thoughtful players

big mechs and wall running mechanics go a long way on their own but respawn s take on the fps formula just feels polished in a way that many contemporary shooters don t and is more than partially responsible for its remarkable overnight success with apex legends

that s all nine mainline films in the star wars series retold in a video game where every character is made of lego bricks if you enjoy star wars it s a fantastic time packed with jovial music and fitting jokes

and that s to say nothing of the more shooter focussed side of things doom and wolfenstein are also both excellent as well as the underrated sci fi immersive sim prey which has one of the best opening sequences around
