unlike with youtube where you sell space on your videos and channel page for advertising at a rate decided by google tiktok does not yet compensate most of its users for running ads on their posted photos as such tiktok influencers and brands don t have an intermediary or any set rates if they choose to work together brands make deals with influencers and prices can vary markedly depending on the circumstances however one thing is consistent in nearly all cases influencers get paid more if they have both a high engagement rate as well as a high number of followers brands have learned that you can easily buy followers who are of no practical value to anybody hence they are far more interested in you having genuine followers those who interact with your posts

the tiktok coins club generator is one of the more infamous tiktok generator websites online and like all of the other websites and services that claim to give you free coins it should be avoided at all costs
