player s card or the amount of gold

the first is the moving key it is integrated on the left side of the screen and independent of the rest of the keys the key is designed as a virtual d pad to manipulate you need to move within the white inner ring and you can easily control up down left and right

your first interface will include 2 main keys however playing with these two function keys is not enough so you need to open more keys to open more keys click the double dash icon at the top of the screen once selected turn off the gestures only section by flipping the blue bar once you turn off this item and return to the screen you will see all 5 function keys
