PROFESSIONAL BIOGRAPHICAL STATEMENT

G. Jason Jolley, Ph.D. serves as Interim Associate Vice President for Research and Creative Activity at Ohio University where he coordinates economic development activities across the university. In his faculty role, he serves as Professor of Rural Economic Development and MPA Director at Ohio University's Voinovich School of Leadership and Public Service. He also directs the Center for Economic Development and Community Resilience. Prior to joining Ohio University in 2013, Dr. Jolley spent seven years at the University of North Carolina at Chapel Hill in the Kenan Institute/Kenan-Flagler Business School where he co-led the largest state sponsored study of the effectiveness of economic development incentives for the North Carolina General Assembly.

Dr. Jolley has served as principal investigator on over $10 million in sponsored research funding and co-led efforts to secure an additional $2 million in federal funding and $1 million in state funding for regional economic development partners. His portfolio includes funding from the U.S. Economic Development Administration, Appalachian Regional Commission, Small Business Administration, Ohio Governor's Office of Workforce Transformation, Ohio Department of Mental Health and Addiction Services, and JobsOhio, among others. Dr. Jolley also leads Ohio University portion of the Ohio Economic Development Institute (OEDI), in partnership with the Ohio Economic Development Association (OEDA) and JobsOhio. OEDI provides state level certification to Ohio economic developers.

Dr. Jolley serves as Executive Director of the Mid-Continent Regional Science Association and is a former board member of the University Economic Development Association. In 2022, he served as an advisor to the Federal Reserve Bank of Philadelphia on their Anchor Economy Initiative to better understand the role of higher education institutions and hospitals (eds and meds) on regional economies. In 2016, Governor John Kasich, and the leadership of the Ohio Senate and Ohio House of Representatives appointed Dr. Jolley as the state's Nonpartisan Census Liaison. In this role, he led Voinovich School staff in building the redistricting database used to draw legislative districts for the U.S. House of Representatives, Ohio House of Representatives, and Ohio Senate districts.

As MPA Director, Dr. Jolley transitioned the Executive MPA program to Dublin, Ohio, successfully launched an Online MPA program, and converted the two-year on-campus MPA degree to a one-year program. These changes resulted in an approximate 250% increase in MPA enrollments pre-COVID.

Dr. Jolley maintains an active service portfolio. As the father of daughters with developmental disabilities, he is a passionate advocate for people with developmental disabilities. He serves as Vice-President of the Athens County Board of Developmental Disabilities; on the Board of Trustees and as Treasurer of the Ohio Association of County Boards of Developmental Disabilities; and on the Board of Trustees and Vice-Chair of the Arc of Ohio. Dr. Jolley is a leader in the multi-stakeholder public, private, and nonprofit Ohio Developmental Disability Crisis partnership that promotes long-term financial sustainability of Ohio's developmental disabilities system.

EDUCATION

Ph.D. Public Administration, 2010
North Carolina State University, School of Public & International Affairs
Fields: Economic Development & Research Methodology
Dissertation: *Diffusion of Innovation of Supply-Side Economic Development Policy: Explaining the Determinants of Local Government Enterprise Zone Adoption.*

M.A. Political Science, 2000
University of Tennessee
Minor: Urban Planning; Field: Public Administration
Thesis: *Second Generation Conflict in the Tennessee Valley: A Case Study.*

B.A. Economics, 1998
University of North Carolina at Chapel Hill

ADMINISTRATIVE LEADERSHIP AT OHIO UNIVERSITY

OHIO UNIVERSITY (2013-present)

2023-present **Interim Associate Vice President for Research and Creative Activity**, Division of Research.
Ohio University, Athens, Ohio.

In my role Interim Associate Vice President for Research and Creative Activity, I coordinate Ohio University's economic and workforce development activities across the university. Key projects include:

- **Ohio 5G and Broadband Regional Node**
  - **Lead $1.2 million funding** initiative through the **Governor's Office of Workforce Transformation** to support broadband and 5G training programs throughout Southeast Ohio.
  - **Ohio University Lancaster, Hocking College,** and **Area 14 Workforce Development Board** are co-funded partners.
  - **The node secured roughly $1 million** in follow-on funding for training equipment in the region, including **$435K** for training initiatives at Ohio University.

- **TechHubs**
  - Spearheaded Ohio University's engagement in a $70 million TechHubs application for the Silicon Heartland-Appalachia Regional Engine for Semiconductors (SHARES) TechHubs application under the Federal CHIPS Act TechHubs program.
  - Proposal would have created a mini-hub at Ohio University to support research and workforce development.
  - The multi-stakeholder application was unsuccessful, but the partnership continues to pursue piecemeal funding for initiatives to support economic and workforce development around Intel in Ohio.

- **Recompete**

- Spearheaded Ohio University's coapplication for up to $20 million in funding under the Recompete program to increase low labor force participation among prime age workers.
- Proposal would have supported multiple industrial and business park site developments along with wrap around support services such as child care, transportation, etc.
- The multi-stakeholder application was unsuccessful, but the partnership continues to pursue piecemeal funding for initiatives to support economic and workforce development for Appalachian Ohio.

2021-2023 **Associate Dean for Public Strategy and Innovation**, Voinovich School of Leadership & Public Service.
Ohio University, Athens, Ohio.

In my role as Associate Dean for Public Strategy and Innovation, I targeted the development of **cross-campus collaborative partnerships** and **diversification of funding streams** to support partners within and external to the Voinovich School with **new strategic initiatives**. Key projects include:

- **Advanced Air Mobility (AAM)**
  - $100,000 initiative ($50,000 from **Appalachian Regional Commission**/$50,000 Appalachian New Economy Partnership match).
  - Partnered with Ohio University Russ College of Engineering and Technology and ODOT's FlyOhio program to determine business use cases for advanced air mobility (e.g., drones and unmanned aircraft) in the Appalachian Ohio region.
  - Goal is to support a large scale, multi-stakeholder implementation grant comprised of university and state partners in 2025.
- **NSF Regional Innovation Engine Proposals**
  - Co-investigator of a Type II (e.g., large scale) **National Science Foundation Regional Innovation Engine** proposal in partnership with Carnegie Mellon, West Virginia University, Youngstown State University, Penn State University, and Ohio University Russ College of Engineering and Technology and the Voinovich School to explore the creation of an innovation engine around autonomous vehicle technology.
  - Supported Type 1 (e.g., pilot scale) **National Science Foundation Regional Innovation Engine** proposal with Ohio University partners around sustainable development.
- **University-Wide Federal and State Economic Development Initiatives**
  - Represent the Voinovich School in discussions and proposals related to broader university-wide efforts economic and workforce development initiatives, such as workforce development funding, regional innovation hubs strategies, etc.

2020-present **Faculty Director, Center for Economic Development and Community Resilience**, Voinovich School of Leadership & Public Service.
Ohio University, Athens, Ohio.

When I assumed leadership of the economic development portfolio at the Voinovich School, I had no direct staff reports and no students assigned to the project work. Through effective acquisition of millions of dollars in external funding, the economic development staff grew to 10 faculty and professional staff, 5 graduate students, and 5 undergraduate students under my leadership. In 2020, this team was rebranded the Center for Economic Development and Community Resilience. Key projects under the Center's umbrella and prior to the formal Center designation include:

- **Principal Investigator and catalyst** of the **Resilience Initiative for Southeastern and Eastern (RISE) Ohio.** RISE Ohio is a **$2.7 million initiative** comprised of **$2.2 million in U.S. Economic Development Administration (EDA) funding** matched with $300,000 in Appalachian New Economy Partnership funding and **$250,000 in JobsOhio funding**.
    - **$1.8 million** in funding directly flows to the **Ohio Mid-Eastern Governments Association (OMEGA) and Buckeye Hills Regional Council (BHRC)** to assist communities and manage consultants.
    - **Placed Ohio University Voinovich School Economic Development Specialist** in the **Coshocton Port Authority** office in Coshocton to support project work in the community.
    - Project funding directly supported over **20 projects** with architectural, engineering, and consulting support ranging from **$5,000 to $195,000** across the **18 counties** in communities such as **Somerset, Marietta, Nelsonville, Athens, Chauncey, McConnelsville, Wellsville, Steubenville, Zanesville, Byesville, Coshocton, and unincorporated/county-wide efforts in Monroe County, Noble County, and Hocking County.** Projects include corridor planning, opportunity zone prospectus development, land use updates for development support, and water/sewer assessments, among many others.
- **Principal Investigator and catalyst** of the **BOBCAT (Building Opportunities Beyond Coal Accelerating Transition) Network.** The **BOBCAT Network** is a **$2 million initiative** comprised of **$1.6 million in U.S. Economic Development Administration (EDA) funding** matched with $400,000 in Appalachian New Economy Partnership funding.
    - **$800,000** in funding directly flowed to the **Ohio Valley Regional Development Commission (OVRDC)** to assist communities and manage consultants.
    - **Placed Ohio University Voinovich School Economic Development Specialist** in the **Lawrence County Chamber** office in South Point and **Economic Development Program Associate** in the **Adams County** Economic Development office in West Union to support project work in the communities.
    - Project funding directly led to **state funded proposals** to build **$4.2 million industrial park in Adams County** and **$4.7 million brownfields remediation project in Scioto County.**
    - **26:1 ROI. Every dollar spent** of Appalachian New Economic Partnership (ANEP) appropriation dollars **yielded $26 in follow-on federal or state funding.**
- **Economic impact of 988 Suicide Prevention Hotline**

- **Co-principal Investigator** of $200,000 project to determine economic impact of construction, operations, and lives saved through dedicated 988 suicide prevention hotline transition in Ohio.
- Funded by PIRE (Pacific Institute On Research and Evaluation) via Ohio Department of Mental Health and Addiction Services grant.

- **Small Business Administration Regional Innovation Cluster**
  - **Co-lead effort with the Appalachian Partnership for Economic Growth (APEG) (now OhioSE)** to secure **$2.5 million** regional innovation cluster focused on wood industry in Appalachian Ohio.
  - Our cluster was the only SBA funded cluster under the federal POWER program to assist communities impacted by the coal economy decline.

2014-present **Director/Principal Investigator, U.S. Economic Development Administration University Center** (Direct Ohio University's portion of Rural Universities Consortium University Center; a joint center with Bowling Green State University). Voinovich School of Leadership & Public Service.
Ohio University, Athens, Ohio.

Since 2014, I have served as director and principal investigator of the U.S. EDA University Center. Key activities include:

- **Securing continued funding** of the EDA University Center through two additional rounds of funding and redesignation from EDA. **Average funding of $70,000-$75,000 per year.**
- **Expanded** the BGSU and OU service territory to include all rural counties in the **Mid-Ohio Regional Planning Commission (MORPC) region. The joint center serves 65 of Ohio's 88 counties.**
- Assisted communities throughout the 32 county Appalachian Ohio region with economic development strategic planning, impact analysis, and other studies.
- Host the annual **State of the Region** event.

2013-present **MPA Director (On-Campus, Executive, and Online MPA programs)**, Voinovich School of Leadership & Public Service.
Ohio University, Athens, Ohio.

I have served as MPA Director since 2013. Key accomplishments include:

- **Transitioned** the **Executive MPA** program to Dublin, Ohio
  - Placed program in the central Ohio market
  - Increase program enrollment for students working in state government and central Ohio local governments
  - Developed articulation agreements with local and state partners to provide scholarships to employees
- **Led successful** launch of an **Online MPA** program.
  - Manage relationship with Online Program Management vendor
  - Expanded concentration offerings
- **Converted** the two-year **on-campus MPA degree to a one-year program.**

  - Streamlined program to reduce student time and cost to degree completion.

- **Pre-COVID enrollments** increased by **approximately 250% with over 170 students enrolled in the program**, which **generated $500,000 in unrestricted revenue** to the Voinovich School under the responsibility center management (RCM) budget model at that time.
- **Crafted strategy** to increase **U.S. News and World Report program rankings**. Under my leadership, the program rank has increased from **#104 in the rankings** to a high of **#57 in 2023**.

ACADEMIC EXPERIENCE AT OHIO UNIVERSITY

2019-present **Professor of Rural Economic Development**, Voinovich School of Leadership & Public Service.
Ohio University, Athens, Ohio.

2017-2019 **Associate Professor of Rural Economic Development**, Voinovich School of Leadership & Public Service.
Ohio University, Athens, Ohio.

2013-2017 **Assistant Professor of Rural Economic Development**, Voinovich School of Leadership & Public Service.
Ohio University, Athens, Ohio.

UNIVERSITY OF NORTH CAROLINA AT CHAPEL HILL (2006-2012)

2008-2012 **Adjunct Assistant Professor**, The Kenan-Flagler Business School &
Senior Research Director, Center for Competitive Economies.
The Frank Hawkins Kenan Institute of Private Enterprise,
University of North Carolina at Chapel Hill. Chapel Hill, North Carolina.

Co-led the largest state sponsored study of the effectiveness of economic development incentives for the North Carolina General Assembly. This 18-month effort and subsequent follow-on effort informed the state of North Carolina's decision to

- Sunset the state's ineffective tax credit programs
- Engage in tax reform to support economic growth

2006-2008 **Research Director**, Center for Competitive Economies.
The Frank Hawkins Kenan Institute of Private Enterprise,
University of North Carolina at Chapel Hill. Chapel Hill, North Carolina.

Led multiple economic development strategic planning efforts for local governments across the state of North Carolina. Strategic efforts included:

- Economic development plan for Chatham County. Later **awarded Robert Bryan Public Service Award** from UNC for this work.
- Economic development plan for Currituck County

PROFESSIONAL EXPERIENCE

2005-2006 **Director of Government Relations and Community Development,** Chapel Hill-Carrboro Chamber of Commerce. Chapel Hill, North Carolina.

Led the Chamber's lobbying and government relations efforts. Key accomplishments include:

- Successfully **lobbied North Carolina General Assembly to change a proposed law** related to university business activities that would impact Chamber members
- **Lobbied Town of Chapel Hill to eliminate privilege tax increase** that impacted Chamber members.

2003-2005 **Economic Development Specialist,** Orange County Economic Development Commission. Hillsborough, North Carolina.

Led data collection efforts for the annual State of the County presentation and staffed subcommittees related to implementation of the County's economic development strategic plan.

2002-2003 **Community Planner**, North Carolina Department of Transportation. Raleigh, North Carolina.

Completed multiple community impact assessments for proposed road projects.

2001-2003 **Program Associate,** Watershed Education for Communities and Local Officials (WECO), Department of Agricultural and Resource Economics. North Carolina State University. Raleigh, North Carolina.

Engaged with communities across North Carolina to facilitate stakeholder meetings around nonregulatory approaches to environmental protection. Drafted nonpoint source pollution management guide.

2000-2001 **Assistant Director**, Growth Dimensions, Inc.-Economic Development for Belvidere-Boone County. Belvidere, Illinois.

Administered a local enterprise zone and staffed industrial development and commercial development committees. Prepared local site selection response that ultimately led to **attraction of Japanese company's U.S. headquarters and production facility, a $12.5 million investment,** in the community.

TEACHING EXPERIENCE

2013-present Ohio University, Master of Public Administration Program.

2011-2012 Adjunct Assistant Professor, Kenan-Flagler Business School, University of North Carolina at Chapel Hill—Master of Business Administration Program.

2011-2012 Teaching Assistant Professor, North Carolina State University, School of Public and International Affairs—Master of Public Administration Program.

2008-2012 Lecturer, Executive Education, Duke University, Duke Center for International Development, Terry Sanford Institute of Public Policy. Durham, North Carolina

2008-2012 Adjunct Professor, Political Science, Barton College, Wilson, North Carolina. Accelerated Professional Program.

2005-2012 Part-time Instructor, Political Science, Durham Technical Community College, Durham, North Carolina.

2008 Adjunct Instructor, Political Science, Peace College, Raleigh, North Carolina. Course: Political Economy for Public Policy.

GRADUATE COURSES TAUGHT

Financing Mega-Projects	Public Budgeting
Foundations Public Administration	Financial Management
Public Private Partnerships	Economic Development
Performance Measurement	Public Management Skills
Theories of the Policy Process	Policy Analysis

FUNDED RESEARCH CONTRACTS & GRANTS

Principal Investigator/Co-Principal Investigator: Over $10 Million Total

[50.] Broadband/5G Node Workforce Analysis Support. Athens, OH. 2024. $50,000. Funded by subcontract with The Ohio State University through Dept. of Labor QUEST grant.

[49.] Ohio 5G and Broadband Regional Node (funding in progress). Athens, OH. 2023-2024. $1.2 million. Partnership with Ohio University Lancaster, Hocking College, and Area 14 Workforce Development Board. Funded by Governor's Office of Workforce Transformation and Ohio Department of Jobs and Family Services.

[48.] 5G/Broadband Workforce Analysis. Athens, OH. 2023-2024. $75,000. Funded by Ohio Governor's Office of Workforce Transformation through EDA grant.

[47.] FlyOhio Advanced Air Mobility. Athens, OH. 2022-2024. $50,000 ARC/$50,000 match. $100,000 total. Principal investigator. Partnership with Ohio University Russ College. Funded by Appalachian Regional Commission.

[46.] U.S. Economic Development Administration University Center (joint with Bowling Green State University). Athens, OH. 2021-26. (Ohio University portion): $70,000 annually EDA/): $70,000 annual match: $140,000 total. Principal Investigator. Secured new five-year funding cycle. Five-year total (2016-21): $350,000 Ohio University portion/$700,000 total. Funded by U.S. Economic Development Administration.

[45.] Resilience Initiative for Southeastern and Eastern (RISE) Ohio. (BOBCAT). Athens, Ohio/Buckeye Hills Region, OMEGA Region, Ohio. Principal Investigator: $2,200,000 EDA/$250,000 match JobsOhio, $300,000 match Appalachian New Economy Partnership

(ANEP). Total: $2,750,000. Co-applicants: Buckeye Hills Regional Council and Ohio Mid-Eastern Governments Association. Funded by U.S. Economic Development Administration.

[44.] Economic Impact of 988 Suicide Prevention Hotline. Athens OH. 2021. Co-Principal Investigator: $200,000. Funded by PIRE (Pacific Institute On Research and Evaluation) via Ohio Department of Mental Health and Addiction Services grant.

[43.] Economic Impact of Ohio Foundation of Independent Colleges. Columbus, OH. Principal Investigator: $10,000. Funded by Ohio Foundation of Independent Colleges.

[42.] Gallia County Transportation Plan. Gallipolis, OH. 2021. Co-Principal Investigator: $14,987. Funded by Gallia County via Ohio Department of Transportation grant.

[41.] Muskingum University Economic Impact Analysis. New Concord, OH. 2020. Principal Investigator: $10,000. Funded by Muskingum University.

[40.] Strategic Planning Services. Athens, Ohio. 2019. Co-Principal Investigator: $6,000. Funded by Ohio Conference of Community Development.

[39.] Ohio University Innovation Center Economic Impact Analysis. Athens, OH. 2019. Co-Principal Investigator: $2,500. Funded by Ohio University Innovation Center.

[38.] Building Opportunities Beyond Coal Accelerating Transition (BOBCAT) Network. Athens, Ohio/OVRDC Region, Ohio. Principal Investigator: $1,603,204 EDA/$405,191 match. Total: $2,008,395. Co-applicant: Ohio Valley Regional Development Commission (OVRDC). Funded by U.S. Economic Development Administration.

[37.] Marietta College Economic Impact Analysis. Marietta, OH. 2018. Principal Investigator: $10,000. Funded by Marietta College.

[36.] Ohio University Innovation Center Economic Impact Analysis. Athens, OH. 2018. Principal Investigator: $2,000. Funded by Ohio University Innovation Center.

[35.] Ohio Economic Development Certification Program. Columbus, OH. 2017-present. Principal investigator: $141,600. Creation of Ohio Economic Development Institute program development, launch, and course work. Funded by Ohio Economic Development Association.

[34.] Social Return On Investment (SROI) Methodology Development for Rural Appalachia. Co-Principal Investigator (w/Faith Knutsen). $70,211 EDA/$70,217 match. Total: $140,428. Funded by U.S. Economic Development Administration.

[33.] Hopewell Economic Impact Assessment. Columbus, OH. 2017-18. Principal Investigator: $46,474. Funded by Ohio History Connection.

[32.] The Economic Impact of the Health Care Sector on Pickaway County. Pickaway County. 2017. Principal Investigator: $5,000. Funded by Berger Health System.

[31.] Foundation for Appalachian Ohio Scorecard Phase 4. Athens, OH. 2017. Principal Investigator: $1,000. Funded by Foundation for Appalachian Ohio.

[30.] Ohio University Innovation Center Economic Impact Analysis. Athens, OH. 2017. Principal Investigator: $2,000. Funded by Ohio University Innovation Center.

[29.] U.S. Economic Development Administration University Center (joint with Bowling Green State University). Athens, OH. 2016-21. (Ohio University portion): $75,000 annually EDA/): $75,000 annual match: $150,000 total. Principal Investigator. Secured new five-year funding cycle. Five-year total (2016-21): $375,000 Ohio University portion/$750,000 total. Funded by U.S. Economic Development Administration.

[28.] Ohio Redistricting Project. Columbus OH. 2016-2021. Co-Principal Investigator: $478,502. Funded by Ohio Legislative Services Commission.

[27.] Regional Innovation Cluster Initiative. Athens, OH. 2018-present. Principal Investigator: $275,000 (subcontract). Total project: $2.5 million to Appalachian Partnership for Economic Growth (APEG) 2015-2020. Funded by U.S. Small Business Administration.

[26.] Appalachian Ohio Skillshed Analysis. Athens, OH. 2016-2018. $69,831 EDA/$69,867 match: $139,698 total. Principal Investigator. Funded by U.S. Economic Development Administration.

[25.] Economic Impact of the Health Sector in Pickaway County. Pickaway County, OH. 2016. Principal Investigator: $3,500. Funded by Berger Health System.

[24.] Ohio River Medical Mission. Marietta, Ohio. 2016. Principal Investigator: $16,596. Funded by Buckeye-Hills Hocking Valley Regional Development District.

[23.] Ohio University Innovation Center Economic Impact Analysis. Athens, OH. 2016. Principal Investigator: $2,000. Funded by Ohio University Innovation Center.

[22.] Foundation for Appalachian Ohio Scorecard Phase 3. Athens, OH. 2016: Principal Investigator: $1,000. Funded by Foundation for Appalachian Ohio.

[21.] POWER Initiative Core Narrative. Athens, OH. 2015. Principal Investigator: $2,400. Funded by Appalachian Partnership for Economic Growth.

[20.] Ohio University Innovation Center Economic Impact Analysis. Athens, OH. 2015. Principal Investigator: $2,000. Funded by Ohio University Innovation Center.

[19.] Great Lakes Regional Training Initiative. Athens, OH. 2014-15. Principal Investigator: $7,500. Funded by Subcontract with Purdue University on U.S. Economic Development Administration grant.

[18.] Ohio University Innovation Center Economic Impact Analysis. Athens, OH. 2014. Principal Investigator: $2,000. Funded by Ohio University Innovation Center.

[17.] Foundation for Appalachian Ohio Scorecard Phase 2. Athens, OH. 2014: Principal Investigator: $1,000. Funded by Foundation for Appalachian Ohio.

[16.] U.S. Economic Development Administration University Center (joint with Bowling Green State University). Athens, OH. 2014-16. Principal Investigator (Ohio University portion): $80,000 annually from EDA/$80,000 annual match: $160,000 total. Assumed PI role of existing grant. Two-year total: $160,000 from EDA. Funded by U.S. Economic Development Administration.

[15.] Economic Impact of the Health Sector in Pickaway County. Pickaway County, OH. 2013. Co-principal Investigator: $3,000. Funded by Berger Health System.

[14.] University of North Carolina School of Pharmacy, Economic Impact Assessment. Chapel Hill, NC. 2011. Principal Investigator: $10,000. Funded by UNC School of Pharmacy.

[13.] Halifax County Airport Redevelopment. Halifax County Economic Development Commission, Roanoke Rapids, NC. Principal Investigator: $75,000. Airport redevelopment economic development plan. 2010-12. Funded by NC Golden LEAF Foundation.

[12.] Enfield Master Development Plan. Enfield Economic Development Partnership, Enfield, NC. Principal Investigator: $75,000. Economic development master plan. 2010-11. Funded by NC Golden LEAF Foundation.

[11.] Project Empire Foods, Economic Impact Analysis. Halifax County Economic Development Commission, Roanoke Rapids, NC. Principal Investigator: $5,000. Economic impact assessment for proposed food processing facility. 2010.

[10.] Siler City Business Recruitment Program, Town of Siler City, Siler City, NC. Principal Investigator: $50,000. Funded by NC Golden LEAF Foundation. Design a marketing plan for the town and survey out-of-state businesses about their relocation and expansion interests. 2009-2010.

[9.] Chatham County Economic Development Incentive Program, Chatham County Economic Development Corporation, Pittsboro, NC. Principal Investigator: $15,000. Design, development, and benchmarking of a county's economic development incentive program to a wage standard. 2008-2009.

[8.] North Carolina Economic Development Incentives Study, North Carolina General Assembly Joint Select Committee on Economic Development Incentives, Raleigh, NC. Co-Principal Investigator: $330,000. Report includes assessment of NC's economic incentive programs. 2008-2009.

[7.] Project Decker, Economic Impact Analysis. North Carolina's Northeast Commission, Roanoke Rapids, NC. Principal Investigator: $5,000. IMPLAN analysis of economic and fiscal impacts of a proposed energy facility. 2008.

[6.] Carteret Community College Marine Biotechnology Business Incubator Feasibility Study, Carteret Community College, Morehead City, NC. Co-Principal Investigator: $24,000. Report examines the feasibility and desirability of such an incubator. 2007-2008.

[5.] Chatham County Economic Development Strategic Planning Services, Chatham County, Pittsboro, NC. Co-Principal Investigator: $154,000. Economic development strategic plan development and organizational restructuring. Report includes industry cluster analysis, stakeholder involvement, targeted industry identification, and entrepreneurial economy assessment. 2007-2008.

[4.] North Carolina's Eastern Region: Cluster-Based Prospective Foreign Direct Investment Study, North Carolina's Eastern Region, Kinston, NC. Co-Principal Investigator: $32,450. Identification of prospective foreign direct investment (FDI) opportunities from lesser-developed countries in the region's "Advanced Manufacturing" targeted industry cluster. 2007-2008.

[3.] Economic Development Strategic "Vision Plan" for Currituck County, North Carolina. Currituck County, Currituck, NC. Co-Investigator: $153,896. Economic development strategic plan development for coastal county in North Carolina. Report includes industry cluster analysis, stakeholder involvement, targeted industry identification, and tourism industry analysis. 2006-2008.

[2.] North Carolina Community Development Initiative (NCCDI): Economic Impact Analysis, The North Carolina Community Development Initiative (NCCDI), Raleigh, NC. Principal Investigator: Pro-bono. NCCDI is a public-private community economic development intermediary dedicated to increasing assets and creating wealth for communities and individuals in low-resource communities. This study utilized IMPLAN to assess the economic impact of the agency's commercial and residential loan activity over the past five years and to forecast the economic impact of projected loans within low wealth communities. 2007.

[1.] Project Dolphinarium, Economic Impact Analysis. Halifax Tourism Development Authority, Roanoke Rapids, NC. Co-Principal Investigator: $5,887. IMPLAN analysis of economic and fiscal impacts of a proposed dolphinarium tourist destination. 2007.

Co-Investigator

[5.] Strategic Crop Initiative/The Business of Biofuels. North Carolina Biofuels Center. Co-Investigator: $175,000. Overall project creates financial feasibility models for several strategic crops and biofuels facilities through the state. Led team of researchers to create economic impact models to determine employment and economic output impacts of proposed woody biomass, miscanthus, and switchgrass biofuels facilities in North Carolina. 2009-2010.

[4.] Camden County Green Industrial Park: A Feasibility Study. Camden County, NC. Co-Investigator: $194,070. This project assessed industry clusters appropriate for targeting to a proposed eco-industrial park. Dirty and clean sector dichotomies were utilized to differentiate industry sectors/clusters which might obtain a competitive advantage from locating in such a park. 2006-2007

[3.] Regional Vision Plan Implementation & Integration. North Carolina Department of Commerce, Raleigh, NC. Co-Investigator: $55,178. The project assessed industry clusters identified by North Carolina's seven regional economic development agencies to determine

which subset of industry clusters should become the strategic targets of the North Carolina Department of Commerce's economic development policy initiative. 2007.

[2.] Marine BioBusiness Service Hub Feasibility Study. Carteret Community College, Morehead City, NC. Co-Investigator: $55,000. Identify marine science biobusiness entrepreneurial opportunities which would benefit from service hub assistance. Examine comparable marine biobusiness commercialization activities and service hubs in other coastal economies. Make recommendations regarding physical space requirements, personnel requirements, and technology requirements. 2007.

[1.] Project Line, Economic Impact Analysis. North Carolina's Northeast Commission, Roanoke Rapids, NC. Co-Investigator & Lead Report Author: $5,472. IMPLAN analysis of economic and fiscal impacts of a proposed large outdoor sporting goods retail destination store. 2006.
